**TruBridge Receives HFMA Peer Review Designation**

**Chicago** – January 4, 2018 – The Healthcare Financial Management Association (HFMA) recently reviewed the TruBridge Revenue Cycle Management (RCM) product using the Peer Review process. After undergoing the rigorous review, TruBridge RCM has been awarded the “Peer Reviewed by HFMA®” designation.

The TruBridge RCM product offers healthcare providers of all types and sizes the ability to maximize their reimbursement while increasing productivity. The product’s web-based design allows facilities to customize the solution to fit their exact needs.

“We have a deep commitment to improving the financial health of hospitals across the country and we are driven by the vital role they play in helping their communities thrive,” said Chris Fowler, president of TruBridge. “We partner with our clients by understanding and aligning to their unique business needs, and look forward to working with other HFMA members to help them reach their financial goals.”

HFMA’s Peer Review process provides healthcare financial managers with an objective, third-party evaluation of business solutions used in the healthcare workplace. The rigorous, 11-step process includes a Peer Review panel review comprising current customers, prospects who have not made a purchase, and industry experts. The Peer Review status of the healthcare business solution and its performance claims are based on effectiveness, quality and usability, price, value, and customer and technical support.

“We’re pleased to have TruBridge achieve their HFMA Peer Reviewed designation,” said HFMA President and CEO Joseph J. Fifer, FHFMA, CPA. “The HFMA Peer Review process assures our members, through a rigorous evaluation, that the reviewed healthcare business solution meets an objective, third-party assessment of overall effectiveness, quality, and value.”

**About HFMA**

With more than 38,000 members, the [Healthcare Financial Management Association](#) (HFMA) is the nation’s premier membership organization for healthcare finance leaders. HFMA builds and supports coalitions with other healthcare associations and industry groups to achieve consensus on solutions for the challenges the U.S. healthcare system faces today. Working with a broad cross-section of stakeholders, HFMA identifies gaps throughout the healthcare delivery system and bridges them through the establishment and sharing of knowledge and best practices. We help healthcare stakeholders achieve optimal results by creating and providing education, analysis, and practical tools and solutions. Our mission is to lead the financial management of health care.

**About TruBridge**

[TruBridge](#), a member of the CPSI family of companies, provides business, consulting, and managed IT services along with an end to end Revenue Cycle Management solution. With an arsenal of RCM

offerings ranging from an HFMA Peer Reviewed® product to complete outsourcing, TruBridge helps hospitals, physician clinics, and skilled nursing organizations become more efficient at serving their communities.
