

Get paid **faster** and get paid **more** with TruBridge revenue cycle management solutions.

End-to-End Revenue Cycle Optimization to Improve Cash Flow

TruBridge leverages a combination of people, products, and process optimization to maximize reimbursement and increase productivity and efficiency that results in healthcare organizations of all sizes getting paid faster and getting paid more.

People Services

Accounts Receivable Management – A complete billing solution including insurance billing, claim follow-up, private pay collections, and receipting that produces average results of a 13% increase in cash collections and 24% decrease in AR Days.

Early Out – Collection of both true self pay and after insurance balances producing results of an average 37% increase in private pay cash.

Insurance Follow Up – TruBridge implements consistent follow up and claim resolution to ensure thorough attention to the billed but unpaid claims.

Medical Coding – TruBridge's U.S. based coders offer coding services to fit your specific needs. We guarantee high accuracy rates and quick turnaround times freeing your staff for other important tasks.

Interim Staffing – TruBridge fills revenue cycle leadership gaps in order to prevent obstacles often encountered during administration personnel transitions.

Products

Patient Liability Estimates – Improve patient satisfaction, maximize point-of-service collections, and equip your staff with the ability to provide transparent pricing with our PLE product.

Eligibility Verification – Eligibility Verification allows you to reduce claim denials and carrier rejections by performing on-demand eligibility verification, ensuring the care you provide is covered.

Claim Scrubbing and Submission – Claim Scrubbing and Submission produces a powerful claim management solution for submitting, validating, and processing your healthcare facility's claims with ease.

Remittance Management – Remittance advices can be effortlessly gathered and managed with ERA Retrieval and Remittance Management, simplifying workflow and efficiency.

Denial/Audit Management – Denial/Audit Management equips your facility with the tools necessary to combat denied and audited claims, assisting in recovering potential lost revenue.

Contract Management – Take control over complex healthcare contracts by prospectively pricing every claim submitted to payers, retrospectively pricing every remittance to ensure proper payment was received, and modeling proposed contract terms during payer negotiations.

Reporting and Data-Mining – Bring together all of your facility's revenue cycle data and gain a better understanding of your financial health by analyzing reports and utilizing our interactive, drill-in graphs.

Process Optimization

Revenue Cycle Consulting – From pre-registration to balance resolution, TruBridge consultants have years of experience in all areas of revenue cycle management. Our experts will evaluate processes and help implement best practices that will help improve your revenue cycle.

Chronic Care Management – TruBridge Consultants partner with you to develop a customized CCM program, providing your organization opportunities to manage chronic care patients and maximize revenue.

Clinical Documentation Improvement – TruBridge offers the review and establishment of provider documentation to resolve medical record deficiencies that can impact the quality of patient care and reimbursement shortcomings.

“TruBridge is our financial lifeline. I just don't know where we'd be without them.
